" TRANSPET SERVICES are wonderful with my dog Scooter "

- Donna L., Winfield

"Our veterinary clinic, Village Animal Clinic, has provided veterinary care and services for Jim Kohlmann's pets for over 20 years. During this time, I have observed that Jim is totally dedicated to his pets and the well being of other pets as well. Also, Jim has proved in home care for my personal dog and delivered the best of care while we were out of town. He is very conscientious and committed to do whatever is necessary to provide the best comfort for each pet. I am very comfortable and pleased to refer Jim to anyone who needs pet transportation services or in home pet care."

Carol Stream

" I am very happy with the care my dogs receive from TRANSPET SERVICES "

- Sister Pat N., Wheaton

"RAIN has used Jim and his transportation services often to bring new dogs and cats to the shelter showings directly from the vet's office. Neither the animal or Jim have met each other and often the animals are nervous. There has never been any problem that Jim could not handle. He is always prepared and treats his passengers like royalty. I trust him completely."

- Lynn Smid, President of Recycling Animals In Need (RAIN)
